

**INTERACTIVE LARGE FORMAT DISPLAYS**

**EXPERIENCE THE DIFFERENCE, EXPLORE THE POSSIBILITIES**

iiyama interactive large format displays are available in a huge range of sizes (55" - 105") delivering unparalleled reliability and supreme performance in all environments for extended use up to 24hrs per day.

Available in 4K (3840x2160) or 5K (5120x2160) resolutions, each offers a hybrid solution deck of Android OS and OPS Slot PC features.

Boasting a new 4K Interface with User Profiles for simple login and access to your very own bespoke menu and Cloud Drives, the **TE12 SERIES** becomes a highly personalised device within a busy hybrid environment for multiple users. The **TE14 SERIES** provides high quality built-in 8 Array Microphone and Dual Directional Speakers support conferencing configurations and our 500Hz Frame Rate Touch sensor delivers the smoothest and fastest Touch response ever seen with added Touch features like Dual Palm Rejection and Anti[1] Bacterial Pens for safety in multiple user environments.

With the iiyama **TE10518UWI-B1AG** you can experience a true 21:9 Panoramic Ultra-Wide view for all content and applications. High end meeting room integration will achieve the much[1]promoted Microsoft Teams Front Row optimum experience in 21:9 format-delivering life like eye-level Gallery View, when sharing content with clear side bar visibility of Chat and Raised Hand notification.

You can be sure that no matter what your Interactive aspiration, iiyama has the simplified solution just for you, this is why iiyama is the trusted Interactive Display brand for many of the world's largest organisations in education and business alike.
